ALTERNATOR DATA	Voltage precision	1	%
	Number of poles	4	
	Туре	Brushless	
DATA	Sound level (silenced gen set)	69	dB(A) 7mt
GENERAL DATA	Diameter exhaust	90	mm
GENE	Voltage	12	V

ELECTRIC MANUAL PANEL

ComAp Intelilight or LOVATO ELECTRIC RGK420 SA control unit with

multimeter

(voltmeter, ammeter, frequencymeter, hour counter and battery voltmeter).

Fuel level percentage indicator.

Backlit LCD display.

IP44 metal box

Protection fuses

Emergency button

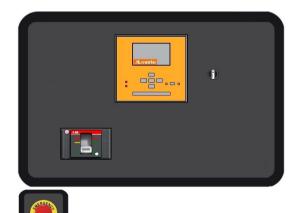

ON-OFF key selector

Power terminal

4P ABB TMAX-XT magnetothermal switch

Oil pressure and water temperature alarms

AUTOMATIC MAINS FAILURE PANEL

ComAp Intellight or LOVATO ELECTRIC RGK600 control unit with multimeter

(voltmeter, ammeter, frequencymeter, hour counter and battery voltmeter)

Periodical test function and mains management funcion.

Fuel level percentage indicator.

Backlit LCD display.

IP44 metal box

Protection fuses

Emergency button

ON-OFF selector

12V 2,5A Battery charger

Power terminal

4P ABB TMAX-XT magnetothermal switch

Terminal block for the connection of a separate ATS panel

Oil pressure and water temperature alarms

SOUNDPROOF AND WEATHERPROOF CANOPY

Soundproof and weatherproof canopy, made with structural steel, thickness between 1,5 and 4,5mm. Painted with epoxy dust RAL5015.

In-built, steel made fuel tank, 120lt sized, with drip tray and drain plug.

Electrical floater for fuel level monitoring from the control unit.

Internal coating with high performance sound-absorbing material, faced with a waterproof and oil-proof layer.

Fire resistence of the sound-absorbing material classified EN13501-1 class B.

Maximum accessibility for ordinary and extraordinary maintenance by means of four large key-operated and padlockable doors.

Internal muffler, residential type, 35dB(A) sound reduction.

Fresh air intake from under the canopy and from the sides, hot air expulsion from above and below the canopy.

Two central lifting hooks.

Four support legs with holes for fixing the machine to the ground.

Lateral side manual/automatic electric control panel, with dedicated door with inspection window, lockable and padlockable.

CONTAINER TRANSPORTABILITY ADVANTAGES

VERSION	20' BOX	40' BOX	40' HC
N. transportable pieces	5	10	10
N. transportable pieces	5	10	10

MAIN OPTIONS

90A automatic transfer switch (ATS)

250lt increased fuel tank

Engine preheating system

Automatic fuel transfer kit

Residual current protection

Slow or fast towing trailer

OTHER OPTIONS

Power distribution socket set

Synchronizing electric panel
Remote control (GSM/3G/4G – Ethernet)
Start/stop function via radio control
GPS control
Battery switch

Engine oil press. and water temp. datas

Further alternator brand

Quick couplings for connecting
Outdoor, underground and tran
Better noise reduction canopy Quick couplings for connecting an external tank with three way valve

Outdoor, underground and transportable tanks

Front hot air expulsion canopy
